# ABOUT US

Ningbo Jiupeng Trade Co.,Ltd was established in 2019, with an annual export revenue of 15 million dollars.. We are a professional supplier engaged in various Cat Litter product solution, such as Tofu litter , Bentonite litter ,Silica litter , Recycle paper litter ,Cassava cat litter, Zeolite cat litter etc. With our extensive industry experience, we also provide customers with comprehensive solutions for all other pet supplies.

Innovation is at our core, allowing us to offer extensive customization services like material replacement, packaging and flavor customization. We ensure strict quality control at every production stage and are committed to swift product development ,to meet different customers' requirement. Through our own IVVE brand and customized brand services for clients, we have already gained the trust of customers in over 50 countries.

Our factory covers an area of approximately 4,000 square meters and has two complete production lines, total 47units various machine, From the mixing of raw materials to the Automatic filling package , all are completed here. We also have very strict standards for raw material control and product ratio implementation to ensure the stability of the quality of each batch of finished goods. Now the daily output is more than 200 tons. Based on this production capacity, we can ensure prompt delivery and have the capability to undertake large-scale projects.

Over the past few years, we have helped many clients grow gradually, from being able to purchase only our IVVE brand packaging at the beginning, to customizing the packaging, and finally achieving a high level of recognition in their local markets. Welcome to visit us at any time, We hope to become to be your reliable supplier .
